TO EDUCATIONAL CHILDCARE PROVIDERS

1. Adjustments to distancing measures at the green alert level for workplaces

As you already know, the Gouvernement du Québec [announced](#) an easing of restrictions in effect as of July 12, 2021.

The CNESST has also updated certain measures, including physical distancing at the green level for workplaces. Please refer to the CNESST's summary [table](#) of the applicable measures.

Basically, the changes are as follows:

- Physical distancing is reduced from **2 metres to 1 metre outdoors**.
- The occupancy rate has been adjusted for means of transportation (e.g. school bus on field trips). This rate no longer applies at the green level. Therefore, you must comply with physical distancing of **2 metres OR the use of a physical barrier OR a quality mask**.

The Information Bulletin is a publication that provides periodic information updates for educational childcare providers during the pandemic. Be sure to always consult the latest version of the Bulletin because the information on a given topic will most likely be updated as the situation evolves.
