TO EDUCATIONAL CHILDCARE PROVIDERS

1. End of mandatory isolation for childcare staff who have received two doses of COVID-19 vaccine

In the June 18 Information Bulletin for childcare providers, we mentioned that the instructions concerning 14 days of isolation in case of contact still applied, even for persons who had received their second dose. However, the Direction générale de la Santé publique [announced](#) this holiday weekend an easing of the measure and an update of its guideline.

From now on, people who have received two doses of COVID-19 vaccine or have already been sick with COVID-19 in the past six months no longer have to self-isolate for two weeks after exposure to an infected individual.

The Information Bulletin is a publication that provides periodic information updates for educational childcare providers during the pandemic. Be sure to always consult the latest version of the Bulletin because the information on a given topic will most likely be updated as the situation evolves.

If you do not find the answers to your questions on these websites, please call the Direction de l'amélioration des services à la clientèle et de la gestion des plaintes of the ministère de la Famille at the toll-free number 1-855-336-8568 between 8:30 a.m. and 4:30 p.m., Monday to Friday.
